## Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Jason Okun on March 16, 2005.

The application has been amended as follows:

- Claim 11, lines 5 6: the phrase "wherein the insulator and the anodized layer have columnar parts, which are composed of a magnetic material," has been deleted;
  - o Claim 11, line 7: before "columnar", the word "the" was deleted; and
  - o Claim 11, line 7: after "parts", the phrase "composed of a magnetic material" was inserted.

## Reasons for Allowance

3. The present claims are deemed allowable over the references of record as exemplified by Iwasaki et al. (EP '047 A2) since Iwasaki et al. fail to disclose or render obvious the claimed structure.

Regarding claim 6, while Iwasaki et al. disclose a structure comprising an electrical conductor, an insulator formed on the electrical conductor and an anodized layer formed on the insulator, wherein the insulator and anodized layer have holes.

lwasaki et al. fail to disclose or render obvious wherein each one hole of the first group of holes being connected with a corresponding one hole of the second group and wherein holes of the second group are connected with the electrical conductor.

Regarding claim 11, Iwasaki et al. disclose a structure as recited above.

However, as argued by applicants (*page 5 of response*), Iwasaki et al. fail to disclose or render obvious the embodiment wherein columnar parts composed of a magnetic material extend at least into both the insulator and the anodized layer, wherein the bottoms of the columnar parts contact the electrical conductor.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
